WHY WE DO IT

Taxes serve as the starting point for a dream leading to stronger financial security.

- Assist underserved communities
- Educate taxpayers on tax credits and deductions for which they qualify
- Offer free tax preparation for people with low to moderate income
- Assist taxpayers in building financial security

VITA Programs

Traditional VITA - IRS-certified volunteer prepares electronically filed returns face-to-face with taxpayers at a designated location.

Volunteer/Student Wins

- Give back and feel connected to your community
- Learn life-long skills

Facilitated Self-Assistance (FSA) - FSA empowers the taxpayer to prepare their own return. In this program, the volunteer acts as a tax coach or “facilitator”, answering the taxpayer’s in-scope questions during the process of completing and filing the return.

Community Wins

- Tax dollars spent locally help local businesses and the community
- Financially stronger households

VITA Programs cont.

Virtual VITA - Provides free tax preparation services in a virtual environment to taxpayers in more remote locations of the country and any site where face-to-face activities are not used during the tax preparation process.

Taxpayer/Employee Wins

- Tax return prepared for free and filed accurately
- Access to resources to increase financial stability

Drop-off - The taxpayer visits the drop-off Site and leaves their supporting documents with the volunteer for their return to be prepared in their absence. Documents are stored securely, and the taxpayer returns to authorize e-filing of the return and retrieve their documents.

*Together we can reach eligible taxpayers
and have a significant economic impact on
our communities!*

High School Statistics

- Currently 121 high schools in the US offer VITA services to their community
- Approximately 14,000 tax returns were prepared by high school students
- \$13,460,078 in tax credits were injected back into the community
- \$20,348,147 in refunds were created by high school students and returned to the community
- An estimated \$2,148,750 (average cost per return is \$150) in tax preparation fees were saved

“The VITA Program has provided a critical, practical application of the classroom experience, for our Accounting students. Students gain lifelong tax knowledge, serve the community and develop their interpersonal skills. This experience will last a lifetime and the customers have received excellent attention to detail, while saving valuable money.”

High School Symposium

The Stakeholder Partnerships, Education and Communication division of the IRS embodies the spirit of Volunteer Income Tax Assistance (VITA) by expanding free tax preparation through high school and college partnerships. Our focus is to provide access to free tax assistance and education to qualified taxpayers and support the educational growth of our young adults.

VITA

Join our Cause

A solid education combined with tax understanding can serve as the starting point for building a strong financial dream. Give back to your community through free tax preparation and prepare students with career ready skills.
